### Capital Reserve

The capital reserve arose on the vesting of the TSO operations from ESB to the Company under the Transfer Scheme dated 1 July 2006. There have been no movements in the reserve since this date.

### Hedging Reserve

The hedging reserve represents the cumulative portion of gains and losses on hedging instruments deemed effective in cash flow hedges. The cumulative deferred gain or loss on the hedging instruments is recognised in profit or loss only when the hedged transaction impacts the profit or loss, or is included as a base adjustment to a non-financial hedged item.

### Retained Earnings

Retained earnings comprise accumulated earnings net of dividends in the current financial year and prior financial years.
