

Fault Ride Through – Subsequent Faults

Joint GCRP 31st January 2018

Lisa McMullan

Engagement with OEMs

- Responses from 4 OEMs
- Different responses:
 1. Ride through all subsequent faults
 2. Ride through a certain number in a certain timeframe
 3. Ride through unlimited amount in a certain timeframe
 4. Ride through faults of a certain duration only

Outcome

- Adding to testing documentation as a parameter to provide during commissioning stage.
- Not a system security issue at this time
- Could become an issue in the future
- FRT workshop on clarifying FRT requirements
 - Potential updates to Grid Code

THOUGHTS???
